

HOW TO WITHDRAW YOUR \$EFX FROM KUCOIN

8 SIMPLE ACTIONS FOR SUCCESS!

1) GET ANCHOR WALLET

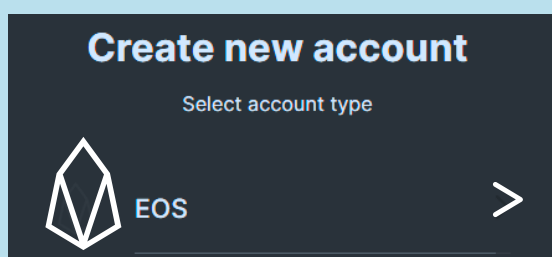

Go to:

[HTTPS://WWW.GREYMASS.COM/ANCHOR](https://www.greymass.com/anchor)

2) CREATE AN EOS ACCOUNT

Go to:

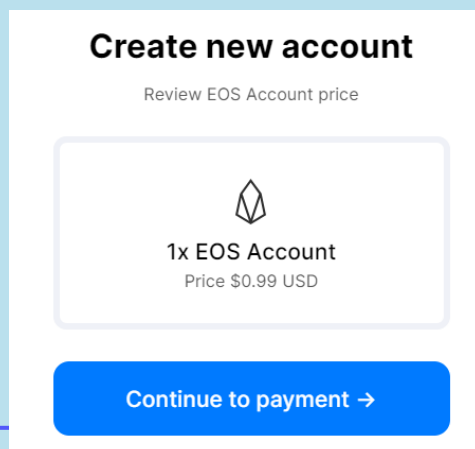

[HTTPS://CREATE.ANCHOR.LINK/CREATE](https://create.anchor.link/create)

3) SELECT “EOS”

4) PAY FOR YOUR EOS ACCOUNT

This nominal fee will be used to create your account.

5) SEND YOUR \$EFX FROM KUCOIN TO YOUR NEW EOS ACCOUNT

Your EOS account name is needed, and in the memo you can type anything or just type in your EOS account name again.

6) MAKE SURE YOU BACK UP YOUR KEYS!

You control your wallet, so make sure you back up your private key securely! No one can help you recover your lost key.

7) YOUR \$EFX IS UNDER YOUR CONTROL! CONGRATULATIONS!

Now you can use DEXs like DefiBox <https://defibox.io/> to swap, lend, add liquidity, etc.

8) PUT YOUR EFX TO WORK!
